

YMCA Children's Center

Infant Class: 6 weeks to 14 months

1 to 3 staff ratio. Infants will be introduced to baby sign, helped to reach developmental milestones and provided with a sensory rich environment to assist in their development.

Toddler Classroom: 15 months to 24 months

1 to 4 staff ratio. Toddlers will be given the opportunity to create through art projects, shapes and colors and use of music and stories to enrich their environment. Also included will be self-feeding skills and large motor development.

2 Year-old Classroom: 25 months to 36 months.

1 to 5 staff ratio. Children will work on potty training, be introduced to the use of scissors and glue, and expand on circle time, art projects and large motor activities.

Multi-aged Preschool Classes: 3 and 4 year-olds.

We have two multi-aged preschool classrooms. Classroom 1 will focus on the beginning skills such as counting from 1 to 10, shape and color recognition, holding a pair of scissors, name recognition, and prewriting and pre-reading skills. Classroom 2 expands on all of the previous items but also includes letter recognition, the basics of writing, grouping of objects, and social readiness.

Pre-Kindergarten/5 year-old Preschool.

Class activities focus on letter sounds, sequencing of stories, following directions, working in small groups, fine tuning all motor skills and beginning math and science skills.

*All Pre-school and Pre-Kindergarten teachers have a four year degree in elementary or early childhood education.

Preschool children will swim once per week and participate in a health/gym class at the YMCA.

The staff at the YMCA Children's Center will create a portfolio for each child enrolled in our care. We will document your child's development through pictures, samples of their projects and notes from the staff. As the children move up from one classroom to the next, their portfolio will follow through their years at the Children's Center.

Activities: Learning centers, special events, field trips, arts and crafts, creative expressions, music, fine/gross motor skill development, swimming, reading/writing/readiness skills, gym times and more!
